

NYALIC®

MARINE

This is "EVOLUTION"

Simply stunning is the only description that can be made

for this vessel built by **Aluminium Boats Australia** for **HABA Dive of Port Douglas, Q.**

27.2 metres long, a beam of 7.5 metres liveried in stunning blue, yellow and Nyalic® with Clown Fish on her sides... *(Nemo will be well pleased to see her passing)*

Already in service at Port Douglas, Queensland, HABA Dive owner Bruce Finch has said that Evolution has exceeded his expectations by 30%.

Nyalic® protection is evident through the tunnel and above the boot topping over an acid washed and lightly worked up surface.
